SUMMARY

Creative and detail-oriented Web Developer with a strong focus on building responsive, visually appealing, and high-performance websites. Proficient in modern frameworks like Next.js, with a deep understanding of UI/UX principles and web optimization. Experienced in graphic design and customer service, bringing a user-first approach to digital experiences. Passionate about writing clean, efficient code and constantly exploring new ways to improve functionality, aesthetics, and overall user engagement.

PROFESSIONAL EXPERIENCE

Web Developer

Self employed| April 2023 - Present

- Design and develop custom websites tailored to clients' needs, ensuring high performance, responsiveness, and seamless user experience.
- Build websites using modern technologies, including Next.js, React, and other front-end frameworks.
- Collaborate with clients to understand their vision, translate ideas into functional designs, and provide technical guidance.
- Optimize websites for speed, SEO, and accessibility to enhance user engagement and visibility.
- Integrate third-party tools, APIs, and eCommerce solutions as needed for client projects.
- Offer ongoing support, troubleshooting, and maintenance to ensure long-term website functionality.
- Leverage graphic design skills to create visually appealing layouts, branding elements, and UI components.

Graphics Designer

9hundred Branding| June 2022 - February 2023

- Designed logos, business cards, flyers, and company profiles for brands across various industries.
- Created visually compelling designs that aligned with each client's brand identity and marketing goals.
- Developed clean, professional company profiles that effectively showcased businesses' missions, services, and strengths.
- Utilized Corel Draw, Photoshop, and Canva to produce high-quality, print-ready, and digital assets.
- Worked closely with clients, providing multiple design concepts and revisions to ensure satisfaction.
